

G4 LED -> 10.000 H COMPATIBILE CON TRASFORMATORI ELETTRONICI E TOROIDALI - COMPATIBLES CON TRANSFORMADORES ELECTRÓNICOS E TOROIDALES

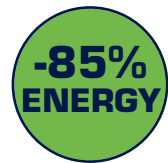

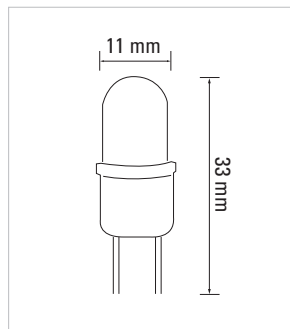

(I)

- Durata oltre a 10.000 ore.
- Estremo risparmio energetico fino all'85%.
- Leggera e compatta dal design innovativo e ottima dissipazione del calore.
- Eccellente qualità della luce per tutta la durata della lampada.
- Blocco totale delle emissioni di raggi UVB e UVC nocivi per l'uomo e causa di scolorimento degli oggetti illuminati.
- Si consiglia di utilizzare trasformatori Toroidali di qualsiasi tipo AC/DC 12V.

(GB)

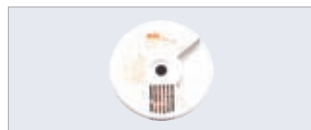

- Extra longlife up to 10.000 hours.
- Save tremendous energy cost up to 85%..
- Characterised by the multiple forms inspired by the traditional range of incandescent lamps.
- Light weight alloy body ensuring of durability and well designed heat dissipation.
- Excellent light qualities without IR and HARMFUL UV.
- Total block of the UVB and UVC emissions noxious to man and cause of discolouration of the illuminated objects.
- It is recommended to use any type of AC/DC 12V Toroidal transformers.

A richiesta per quantità versioni in Blister / Upon request blister version available on quantities.

COMPATIBILI CON: COMPATIBLE WITH:

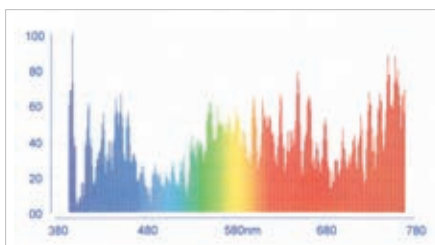

TRASFORMATORI ELETTRONICI
ELECTRONIC TRANSFORMER

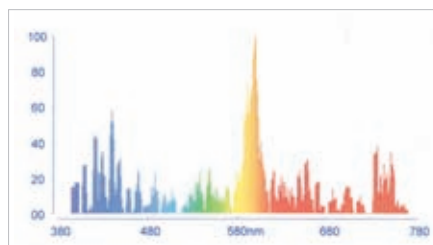

TRASFORMATORI TOROIDALI
TOROIDAL TRANSFORMERS
